

SECTION I - PRODUCT IDENTIFICATION

Trade Name: **A2750 Fiberglass Edge Tape**
Product Class: Fiberglass Edge Bleeder & Breather Tape
Supplier: **Airtech International, Inc.**
5700 Skylab Road
Huntington Beach, CA 92647
Telephone: 714-899-8100
Fax: 714-899-8179

Emergency Telephone: **800-424-9300**

SECTION II - HAZARDOUS INGREDIENTS

Fibrous glass (textile grade)

CAS #: not assigned Maximum percentage by weight: 99.94

UN #: not assigned

TLV (Source): not listed

PEL (Source): not listed

Respirable fibrous glass dust

CAS #: not assigned *Maximum percentage by weight: not known

UN #: not assigned

ACGIH-TLV (Source): 5 mg/m³

OSHA-PEL (Source): 5 mg/m³

*Amount will be dependent upon method of handling

Other ingredients:

Items listed in this section are either chemically or physically bonded to the fibrous glass textile and are deemed non-hazardous in the state supplied.

Chemical and Common Name

Organically bound silanes Maximum percentage by weight: 0.4

Note: May be logo printed or contain colored tracer threads, may contain resinous edge coating.

SECTION III - PHYSICAL DATA

Description: Woven textile product used as a breather/bleeder
Boiling point (Deg. F):
Vapor pressure (mmHg):
Vapor density:
Solubility in water: Negligible
Specific gravity: Approx. 2.5
Appearance/Physical State: White; solid
Odor: No distinctive odor

SECTION IV - FIRE AND EXPLOSION DATA

Flash Point: Not applicable.
Extinguishing media: Water, dry powder, or foam (needed for packaging only)
Special firefighting procedure: None needed.
Unusual Fire hazards: None
Flammable Limits: Not applicable.

SECTION V - HEALTH HAZARD DATA

Carcinogen:
Not listed under IARC, NTR, or OSHA. Industry studies have shown textile grade fibrous glass to be a non-carcinogen.

Potential Routes of Entry:

Skin contact, inhalation

Effects of Overexposure:

Direct skin contact with fibrous glass or its dust may cause mechanical irritation and transitory dermatitis. Breathing of fibers or dust may cause mechanical irritation of the mouth, nose, and throat.

Emergency and First Aid Procedure for Overexposure:

In case of skin contact:

Flush with ample cool water followed by washing with mild soap to remove accumulated fibers.

In case of eye contact:

Flush with flowing water for 15 minutes.

In case of inhalation:

Move to fresh air area.

In case of ingestion:

Not likely to occur through normal use.

SECTION VI - REACTIVITY DATA

Stability:

Stable

Hazardous Decomposition Products:

None generated under normal storage or handling conditions.

Conditions/Materials to avoid:

None

SECTION VII - SPILL, LEAK, DISPOSAL PROCEDURE

Containment and Clean - up:

Dust or loose fibers can be vacuumed or swept with the aid of a dust suppressant.

Disposal:

Dispose according to local, state, and federal laws. This material is not regulated under RCRA hazardous waste regulations.

SECTION VIII – SPECIAL PROTECTION INFORMATION

Ventilation

Normal area ventilation is sufficient in most cases to keep dust and fiber levels below the TLV.

Respiratory Protection

If airborne dust or fibers exceed the TLV or if upper respiratory irritation occurs, use a respirator designed for nuisance type dusts.

Skin:

Gloves may be required for certain workers who have sensitive skin or contact dermatitis.

Eye Protection

None required for normal use, but suggested as a good safety practice whenever use of the product releases fibrous glass.

Other protective equipment

Observe good personal hygiene.

SECTION IX – SPECIAL PRECAUTIONS

Storage:

Store in dry area

SECTION IX – SPECIAL PRECAUTIONS

Shipping:

Not regulated by DOT; not classified by TDG

SECTION IX – SPECIAL PRECAUTIONS

CERCLA:	Not listed
SARA TITLE III:	Not listed
PA Right-to-know:	Not listed
TSCA Inventory:	Exempt per section 710.2 (f)
CA Proposition 65:	Not listed
MA Right-to-know:	Not listed
NJ Right-to-know:	Not listed

USER'S RESPONSIBILITY

This bulletin cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers. It is your responsibility to use this information to develop appropriate work practice guidelines and employee instructional programs for your operation.

DISCLAIMER OF LIABILITY

As the conditions or methods of use are beyond our control, we do not assume any responsibility and expressly disclaim any liability for any use of this material. Information contained herein is believed to be true and accurate but all statements or suggestions are made without warranty, express or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state and local laws and regulations remains the responsibility of the user.
