SECTION 1. IDENTIFICATION

Product name	:	Chemlease® MPP 2180						
Manufacturer or supplier's c	Manufacturer or supplier's details							
Company name of supplier	:	Chem-Trend LP 1445 W McPherson Park Dr PO Box 860, Howell MI 48844-0860 United States +1 517 546 4520						
E-mail address of person responsible for the SDS	:	SDS-NA@chemtrend.com						
Emergency telephone number	:	+1 517 545 7070						
Recommended use of the cl	hen	nical and restrictions on use						
Recommended use	:	Primers						
Restrictions on use	:	For industrial use only.						

SECTION 2. HAZARDS IDENTIFICATION

GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200)

Flammable liquids	:	Category 2
Acute toxicity (Oral)	:	Category 4
Skin irritation	:	Category 2
Eye irritation	:	Category 2A
Skin sensitisation	:	Category 1
Reproductive toxicity	:	Category 1B
Specific target organ toxicity - single exposure	:	Category 1
Specific target organ toxicity - single exposure	:	Category 3 (Respiratory system)

2.1	11/25/2024	Date of first issue: 02/03/2023	01/17/2025

Substance / Mixture

: Mixture

Components

Chemical name	CAS-No.	Concentration (% w/w)
Benzene, 1,2-dimethyl-	95-47-6	Trade secret (>= 10 - < 30)
Naphtha (petroleum), light alkylate	64741-66-8	Trade secret (>= 10 - < 30)
Methanol	67-56-1	Trade secret (>= 5 - < 10)
3-butoxypropan-2-ol	5131-66-8	Trade secret (>= 1 - < 5)
dibutyltin dilaurate	77-58-7	Trade secret (>= 0.1 - < 1)

Actual concentration is withheld as a trade secret

SECTION 4. FIRST AID MEASURES

If inhaled	:	Call a physician or poison control centre immediately. Remove person to fresh air. If signs/symptoms continue, get medical attention. Keep patient warm and at rest. If unconscious, place in recovery position and seek medical advice. Keep respiratory tract clear. If breathing is irregular or stopped, administer artificial respiration.
In case of skin contact	:	Take off all contaminated clothing immediately. Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Get medical attention immediately if irritation develops and persists. Wash clothing before reuse. Thoroughly clean shoes before reuse.
In case of eye contact	:	Rinse immediately with plenty of water, also under the eyelids, for at least 10 minutes. Seek medical advice.
If swallowed	:	Move the victim to fresh air. If accidentally swallowed obtain immediate medical attention. If unconscious, place in recovery position and seek medical advice. Keep respiratory tract clear. Do NOT induce vomiting. Rinse mouth with water. Never give anything by mouth to an unconscious person. Aspiration hazard if swallowed - can enter lungs and cause damage.
Most important symptoms	:	Aspiration may cause pulmonary oedema and pneumonitis.

Aspiration toxicity

Product:

May be fatal if swallowed and enters airways.

Components:

Benzene, 1,2-dimethyl-:

May be fatal if swallowed and enters airways.

Naphtha (petroleum), light alkylate:

May be fatal if swallowed and enters airways.

Further information

Product:

Remarks

 Risks of irreversible effects after a single exposure. Ingestion causes irritation of upper respiratory system and gastrointestinal disturbance. Possible risk of irreversible effects.
 Danger of very serious irreversible effects.

SECTION 12. ECOLOGICAL INFORMATION

Ecotoxicity

Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

SECTION 15. REGULATORY INFORMATION

SARA 302 Extremely Hazardous Substances Threshold Planning Quantity

This material does not contain any components with a section 302 EHS TPQ.

SARA 311/312 Hazards	: Flammable (gas Acute toxicity (a Respiratory or s Reproductive to Specific target o Aspiration haza Skin corrosion o Serious eye dar	or solids) r repeated exposure)		
SARA 313		The following components are subject to reporting levels established by SARA Title III, Section 313:		
	Benzene, 1,2- dimethyl-	95-47-6	>= 20 - < 30 %	
	Methanol	67-56-1	>= 5 - < 10 %	

Clean Air Act

This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B). The following chemical(s) are listed as HAP under the U.S. Clean Air Act, Section 112 (40 CFR 61): Benzene, 1,2-dimethyl- 95-47-6 >= 20 - < 30 %

Benzene, 1,2-dimethyl- 95-47-6 Methanol 67-56-1

California Prop. 65

WARNING: This product can expose you to chemicals including Cumene, ETHYLBENZENE, Benzene, Styrene, which is/are known to the State of California to cause cancer, and Methanol, Toluene, Benzene, which is/are known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

The components of this product are reported in the following inventories:

TSCA : All substances listed as active on the TSCA inventory

TSCA list

No substances are subject to a Significant New Use Rule.

No substances are subject to TSCA 12(b) export notification requirements.

>= 5 - < 10 %

This safety data sheet applies only to products as originally packed and labelled. The information contained therein may not be reproduced or modified without our express written permission. Any forwarding of this document is only permitted to the extent required by law. Any further, in particular public, dissemination of the safety data sheet (e.g. as a document for download from the Internet) is not permitted without our express written consent. We provide our customers with amended safety data sheets as prescribed by law. The customer is responsible for passing on safety data sheets and any amendments contained therein to its own customers, employees and other users of the product. We provide no guarantee that safety data sheets received by users from third parties are up-to-date. All information and instructions in this safety data sheet have been compiled to the best of our knowledge and are based on the information available to us on the day of publication. The information provided is intended to describe the product in relation to the required safety measures; it is neither an assurance of characteristics nor a guarantee of the product's suitability for particular applications and does not justify any contractual legal relationship. The existence of a safety data sheet for a particular jurisdiction does not necessarily mean that import or use within that jurisdiction is legally permitted. If you have any questions, please contact your responsible sales contact or authorized trading partner.
