

# KOL M-60 Mixer

## Description

The KOL M-60 Portable Mixer is an ideal piece of equipment to use for mixing light-weight fillers such as Freeman FMSC 1020, Ren RP 3281, Ren RP 8281, and Ren RP 569.

### KOL M-60 Mixer product features:

- Long-lasting 1/2 hp motor which spins the five gallon mixing pail at a constant 60 rpm for thorough mixing.
- Unique mixing paddle design assures proper and complete dispersion of filler. Mixing paddle arm may be easily removed from mixer frame for cleaning and removal of mixing container.
- All-steel frame construction for durability. The frame design features a 4-position mixing angle adjustment and a drive wheel guard for safe operation.
- All of the bearings are oil-impregnated bronze for smooth and quiet operation.

The KOL M-60 Mixer is shipped unassembled. A square-blade screwdriver and adjustable wrench are required for assembly. An industrial gauge five gallon mixing pail is included.
