The Red Devil Model 5400-M3 Mixer is the standard by which all other electric shakers are measured. Designed for rugged use this mixer is invaluable for agitating paint and plastic resin systems. Ideal for use with our Repro fast cast urethane systems.

The heavy-duty twin arm design allows for the mixing of up to six pints, four quarts, two gallons or any combination at one time.

Features a three-way agitation action for smooth, quiet, and thorough mixing. The mixer may be bench or pedestal mounted.

Designed with a 15 minute timer for controllable mixing.

The clamps accommodate and securely hold either plastic or metal containers.
