No data available.

Section 6 Accidental Release Measures

6.1 Personal precautions, protective equipment and emergency procedures
For personal protection see section 8.

6.2 Environmental precautions
Do not allow product to enter sewers, surface or ground water.

6.3 Methods and materials for containment and cleaning up
For large spills absorb onto inert absorbent material and keep in suitable, closed containers for disposal.

Section 7 Handling and Storage

7.1 Precautions for safe handling
Ensure good ventilation at the workplace. Empty containers retain product residue, so obey hazard warnings and handle empty containers as if they were full.

7.2 Conditions for safe storage, including any incompatibilities
Store at ambient temperatures in closed containers. Do not heat this material above the flash point.

Section 8 Exposure Controls/Personal Protection

8.1 Control parameters
Components with workplace control parameters
None

8.2 Exposure controls
Appropriate engineering controls
Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of mists and/or vapors below the recommended exposure limits. An eye wash station and safety shower should be located near the workstation.

8.3 Personal protective equipment
Eye/face protection
With product at ambient temperatures, use safety glasses equipped with side shields.

8.4 Skin protection
Hand Protection
With product at ambient temperatures, use disposable nitrile gloves. Contaminated gloves should be replaced.
Body Protection
Prevent skin contact when handling material.
**Section 8 Exposure Controls/Personal Protection**

**8.5 Respiratory Protection**
The need for respiratory protection is not anticipated under normal use conditions and with adequate ventilation. If elevated airborne concentrations above applicable workplace exposure levels are anticipated, a NIOSH-approved organic vapor respirator equipped with a dust/mist prefilter should be used.

**8.6 Safety Stations**
Make emergency eyewash stations, safety/quick-drench showers, and washing facilities available in work area.

**8.7 General Hygienic Practices**
Avoid breathing vapor or mist. Avoid contamination of food, beverages, or smoking materials. Wash thoroughly after handling, and before eating, drinking or smoking. Remove contaminated clothing promptly and clean thoroughly before reuse.
