<b>Section 2 Hazards Identification</b>													
<p><b>Classification of the substance or mixture</b>            Not a hazardous substance or mixture according to United States Occupational Safety and Health Administration (OSHA) 2012 Hazard Communication Standard (29 CFR 1910.1200), the Canadian Workplace Hazardous Materials Information System (WHMIS) and Regulation (EC) No 1272/2008 and subsequent amendments.</p> <p><b>GHS Label elements, including precautionary statements</b>  <b>Hazard Pictogram(s):</b> None  <b>Signal Word:</b> None  <b>Precautionary statements</b>            P101 If medical advice is needed, have product container or label at hand.            P102 Keep out of reach of children.            P103 Read label before use.</p> <p><b>Hazards not otherwise classified (HNOC) or not covered by GHS:</b> None</p>													
<b>Section 3 Composition/Information on Ingredients</b>													
<p><b>Substances</b>            No ingredients are hazardous according to 2012 OSHA Regulation 29 CFR 1910.1200 criteria.</p>													
<b>Section 4 First Aid Measures</b>													
<p><b>If inhaled</b></p> <p><b>In case of skin contact</b></p> <p><b>In case of eye contact</b></p> <p><b>If swallowed</b></p>	<p>Remove source(s) of contamination and move victim to fresh air. If breathing has stopped, give artificial respiration, then oxygen if needed. Contact physician immediately.</p> <p>In case of skin contact, wash thoroughly with soap and water.</p> <p>Flush eyes with plenty of water. If irritation persists, seek medical attention.</p> <p>Do not induce vomiting unless instructed by a physician. Never give anything by mouth to an unconscious person.</p>												

**Section 5 Fire-Fighting Measures**

**Suitable Extinguishing Media**

Use water fog, foam, dry chemical or carbon dioxide.

**Special Fire-Fighting Procedures**

Use water spray to cool fire-exposed surfaces and to protect personnel. Shut off "fuel" to fire. If a leak or spill has not ignited, use water spray to disperse the vapors. Either allow fire to burn under controlled conditions or extinguish with foam or dry chemical. Try to cover liquid spills with foam. Because fire may produce toxic thermal decomposition products, wear a self-contained breathing apparatus (SCBA) with a full-face piece operated in pressure demand or positive-pressure mode.

**Unusual Fire and Explosion Hazards**

None known

**Section 6 Accidental Release Measures**

**Personal precautions, protective equipment and emergency procedures**

Only properly protected personnel should remain in the spill area; dike and contain spill. Stop or reduce discharge if it can be done safely.

**Environmental precautions**

No special environmental precautions required.

**Methods and material for containment and cleaning up**

Absorb or scrape up excess into suitable container for disposal; wash area with dilute ammonia solution

**Reference to other sections**

See Section 3 for Hazardous Ingredients; Section 8 for Exposure Controls; and Section 13 for Disposal.

**Section 7 Handling and Storage**

**Precautions for safe handling**

Use good general housekeeping procedures. Wash hands after use.

**Conditions for safe storage, including any incompatibilities**

Keep container(s) tightly closed and properly labeled. Store in cool, dry, well ventilated place away from heat, direct sunlight, strong oxidizers and any incompatibles. Store in approved containers and protect against physical damage. Keep containers securely sealed when not in use. Indoor storage should meet OSHA standards and appropriate fire codes. Containers that have been opened must be carefully resealed to prevent leakage. Empty containers retain residue and may be dangerous. Avoid water contamination.

**Specific end use(s)**

These precautions are for room temperature handling. Other uses including elevated temperatures or aerosol/spray applications may require added precautions.

**Section 8 Exposure Controls/Personal Protection**

**Components with workplace control parameters**

None defined

**Section 8 Exposure Controls/Personal Protection continued**

**Exposure controls**

**Respiratory Protection**

Use of this product does not require the use of a respirator. Should other occupational exposure factors warrant a respirator, follow OSHA respirator regulations 29 CFR 1910.134 and European Standards EN 141, 143 and 371; wear an MSHNNIOSH or European Standards EN 141, 143 and 371 approved respirators equipped with appropriate cartridges.

**Hand Protection**

Wear any liquid-tight gloves such as butyl rubber, neoprene or PVC.

**Eye Protection**

Safety glasses with side shields per OSHA eye- and face-protection regulations 29 CFR 1910.133 and European Standard EN166. Contact lenses are not eye protective devices. Appropriate eye protection must be worn instead of, or in conjunction with contact lenses.

**Other Protective Clothing/Equipment**

Additional protective clothing or equipment is not normally required. Provide eye bath and safety shower.

**Comments**

Never eat, drink, or smoke in work areas. Practice good personal hygiene after using this material, especially before eating, drinking, smoking, using the toilet, or applying cosmetics. Wash thoroughly after handling.

**Section 9 Physical and Chemical Properties**

<b>Appearance</b>	Viscous liquid
<b>Odor</b>	Mild to none
<b>Odor Threshold</b>	No data available
<b>pH</b>	Non-aqueous
<b>Melting Point</b>	No data available
<b>VOC Content</b>	0
<b>Initial boiling point</b>	No data available
<b>Flash Point</b>	>200°F
<b>Evaporation rate</b>	No data available
<b>Flammability (solid, gas)</b>	No data available
<b>Upper/lower flammability</b>	No data available
<b>Vapor Pressure</b>	No data available
<b>Vapor density</b>	No data available
<b>Relative density (g/cc)</b>	1.2 ± 0.1
<b>Water Solubility</b>	Negligible
<b>Coefficient: n-octanol/ water</b>	No data available
<b>Auto-ignition temperature</b>	No data available
<b>Viscosity</b>	No data available
<b>Explosive Properties</b>	None
<b>Oxidizing Properties</b>	None
<b>% Volatile</b>	Nil

**Section 10 Stability and Reactivity**

**Reactivity:** No hazardous reactions if stored and handled as prescribed/indicated, No corrosive effect on metal. Not fire propagating.  
**Chemical stability:** These products are stable at room temperature in closed containers under normal storage and handling conditions.  
**Possibility of hazardous reactions:** Hazardous polymerization cannot occur.  
**Conditions to avoid:** None known  
**Incompatible materials:** Strong bases and acids  
**Hazardous decomposition products:** Thermal oxidative decomposition can produce carbon oxides, gasses/vapors, and traces of incompletely burned carbon compounds.

**Section 11 Toxicological Information**

**Information on toxicological effects:**

Skin Corrosion/Irritation:	No data available
Serious Eye Damage/Irritation:	No data available
Respiratory/Skin Sensitization:	No data available
Germ Cell Mutagenicity:	No data available
Carcinogenicity:	No component of this product at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by IARC, NTP, or OSHA.
Reproductive Toxicity:	No data available
Specific Target Organ Toxicity - Single Exposure:	No data available
Specific Target Organ Toxicity - Repeated Exposure:	No data available
Aspiration Hazard:	No data available
Chronic Exposure:	No data available
Potential Health Effects – Miscellaneous:	No data available

**Section 12 Ecological Information**

<b>Ecotoxicity</b>	No data available
<b>Persistence and degradability</b>	No data available
<b>Bioaccumulative potential</b>	No data available
<b>Mobility in soil</b>	No data available
<b>Results of PBT &amp; vPvB assessment</b>	No data available

**Section 13 Disposal Considerations**

Under RCRA, it is the responsibility of the user of the product to determine, at the time of disposal, whether the product meets RCRA criteria for hazardous waste.  
 Dispose of material according to Local, State, Federal, and Provincial Environmental Regulations.

**Section 14 Transport Information**

Not regulated by DOT, IATA or IMDG  
UN number: none  
UN proper shipping name: none  
Transport hazard class(es): not applicable  
Packing group: not applicable  
Environmental hazards: none known  
Special precautions for user: none known  
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code: not applicable

**Section 15 Regulatory Information**

TSCA Inventory Status (40 CFR710):  
All components of this formulation are listed in the TSCA Inventory.  
SARA 302 Components:  
No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.  
SARA 313 Components:  
This material does not contain any chemical components with known CAS numbers that exceed the threshold (*de minimis*) reporting levels established by SARA Title III, Section 313.  
SARA 311/312 Hazards: none  
  
California Proposition 65: This product does not intentionally contain any chemicals known to the state of California to cause cancer, birth defects or other reproductive harm.  
  
Chemical safety assessment: No chemical safety assessment has been carried out for this substance/mixture by the supplier.

**Section 16 Other Information**

**Disclaimer**

The following supersedes Buyer's documents. SELLER MAKES NO REPRESENTATION OR WARRANTY, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. No statements herein are to be construed as inducements to infringe any relevant patent. Under no circumstances shall Seller be liable for incidental, consequential or indirect damages for alleged negligence, breach of warranty, strict of liability arising in connection with the product(s). Buyer's sole remedy and Seller's sole liability for any claims shall be Buyer's purchase price. Data and results are based on controlled lab work and must be confirmed by Buyer by testing for its intended conditions of use. The product(s) has not been tested for, and is therefore not recommended for, uses for which prolonged contact with mucous membranes, abraded skin, or blood is intended; or for uses for which implantation within the human body is intended.
