## Section 1 Identification

**Product identifiers**

Product name: Plas-Fil Polyester Repair Material

**Relevant identified uses of the substance or mixture and uses advised against**

Identified uses: Polyester repair material

**Details of the supplier of the safety data sheet**

Freeman Manufacturing and Supply Company  
1101 Moore Road, Avon, OH 44011  
Phone (440) 934-1902  
FAX (440) 934-7200

24 Hour Emergency Phone Number: (800) 424-9300

## Section 2 Hazards Identification

**GHS classification in accordance with 29 CFR 1910.1200 (OSHA HCS)**

- Flammable Liquids, Category 3
- Skin Corrosion/Irritation, Category 2
- Serious Eye Damage/Irritation, Category 2
- Carcinogenicity, Category 1B
- Reproductive Toxicity, Category 2
- Specific Target Organ Toxicity (Repeated Exposure), Category 1

**Hazard pictograms:**

- [Flammable liquid and vapor]
- [Causes skin irritation]
- [Causes serious eye irritation]
- [May cause cancer]
- [Suspected of damaging fertility or the unborn child]
- [Causes damage to organs (hearing organs) through prolonged or repeated exposure.]

**Signal word:** Danger

**Hazard statements**

- Flammable liquid and vapor
- Causes skin irritation
- Causes serious eye irritation
- May cause cancer
- Suspected of damaging fertility or the unborn child
- Causes damage to organs (hearing organs) through prolonged or repeated exposure.

**Precautionary statements**

**Prevention**

- Keep away from heat/sparks/open flames/hot surfaces. - No smoking.
- Keep container tightly closed when not in use.
- Ground/bond container and receiving equipment.
- Use explosion-proof electrical/ventilating/lighting equipment.
- Use only non-sparking tools. Take precautionary measures against static discharge.
- Do not breathe fumes or vapors. Use only in a well-ventilated area.
**Section 2 Hazards Identification continued**

Wash skin thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves/protective clothing/eye protection/face protection. Avoid release to the environment.

**Response**

If on skin: Immediately remove all contaminated clothing. Rinse skin with water/shower. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse.

If inhaled: Remove person to fresh air and call doctor/physician if not feeling well. If in eyes: Rinse continuously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. If eye irritation persists: Get medical advice/attention.

If ingested: Do not induce vomiting. Get medical advice/attention.

**Storage**

Store in a well-ventilated place. Keep container cool and tightly closed.

**Disposal**

Dispose of contents and container to an appropriate waste site in accordance with local and national regulations.

**Other hazards**

None known

**Unknown Acute Toxicity**

0% of the mixture consists of ingredients of unknown toxicity.

---

**Section 3 Composition/Information on Ingredients**

<table>
<thead>
<tr>
<th>Ingredient Name</th>
<th>CAS Number</th>
<th>Concentration (%)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Styrene</td>
<td>100-42-5</td>
<td>10-25</td>
</tr>
<tr>
<td>N,N-Dimethylaniline</td>
<td>121-69-7</td>
<td>0.3-1</td>
</tr>
</tbody>
</table>

**Section 4 First Aid Measures**

**Inhalation:** Remove source(s) of contamination and move victim to fresh air. If breathing has stopped, give artificial respiration, then oxygen if needed. Contact physician if you feel unwell.

**Eye Contact:** Flush eyes with plenty of water. If irritation persists, seek medical attention.

**Skin Contact:** In case of skin contact, wash thoroughly with soap and water. If irritation persists, get medical assistance.

**Ingestion:** Do not induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention immediately.

---

**Section 5 Fire-Fighting Measures**

**Suitable extinguishing media**

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

**Unsuitable extinguishing media**

Do not use strong water jet

**Specific hazards arising from the chemical**

- Burning produces heavy smoke. Fire may produce irritating and/or toxic gases.
- In the event of fire and/or explosion do not breathe fumes.
Safety Data Sheet
Plas-Fil Polyester Repair Material

**Section 5 Fire-Fighting Measures** continued

**Advice for firefighters**
Wear self-contained breathing apparatus and protective suit. Use water spray to cool fire-exposed surfaces and to protect personnel. Do not allow run-off from fire-fighting to enter drains or water courses.

**Section 6 Accidental Release Measures**

**Personal precautions, protective equipment and emergency procedures**
Avoid breathing vapors or mists. Remove all sources of ignition. Use personal protective equipment as required. Avoid contact with skin, eyes or clothing. Keep people away from and upwind of spill/leak. Evacuate personnel to safe areas. Take precautionary measures against static discharges. For personal protection see section 8.

**Environmental precautions**
Do not allow into any sewer, on the ground or into any body of water. If the product contaminates lakes, rivers or sewage, inform appropriate authorities in accordance with local regulations.

**Methods and materials for containment and cleaning up**
Prevent further leakage or spillage if safe to do so. Dispose of waste product or used containers according to local regulations. Clean with detergents. Avoid solvent cleaners. Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Pick up and transfer to properly labeled containers.

**Section 7 Handling and Storage**

**Precautions for safe handling**
Prevent the creation of flammable or explosive concentrations of vapor in air and avoid vapor concentration higher than the occupational exposure limits. Operators should wear anti-static footwear and clothing and floors should be of the conducting type. Use personal protection recommended in Section 8. Never use pressure to empty container. Comply with the health and safety at work laws. Prevent product from entering drains. Vapors are heavier than air and may spread along floors. Vapors may form explosive mixtures with air. Do not breathe fumes or vapor. Use only in well-ventilated areas. Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity). Take precautionary measures against static discharges. Use spark-proof tools and explosion-proof equipment. All equipment used when handling the product must be grounded.

**Conditions for safe storage**
Keep/store only in original container. Store in accordance with local regulations. Keep unauthorized personnel away. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Keep tightly closed in a dry and cool place.

**Incompatible materials**

**Appropriate engineering controls**

Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of mists and/or vapors below the recommended exposure limits. An eye wash station and safety shower should be located near the workstation.

**Personal protective equipment**

**Eye/face protection**

With product at ambient temperatures, use safety glasses equipped with side shields.

**Hand Protection**

With product at ambient temperatures, wear any liquid-tight gloves such as butyl rubber, neoprene or PVC. Contaminated gloves should be replaced.

**Body Protection**

Prevent skin contact when handling material

**Respiratory Protection**

If elevated airborne concentrations above applicable workplace exposure levels are anticipated, a NIOSH-approved organic vapor respirator equipped with a dust/mist prefilter should be used.

**General Hygienic Practices**

Avoid contamination of food, beverages, or smoking materials. Wash thoroughly after handling. Remove contaminated clothing promptly and clean thoroughly before reuse.

## Section 15 Regulatory Information

### US Federal Regulations
- **TSCA Inventory Status:** All ingredients listed on the Toxic Substance Control Act Inventory  
- **SARA 311/312:** Acute Health Hazard, Chronic Health Hazard, Fire Hazard, Reactive Hazard  
- **SARA 313 Toxic Chemicals (40 CFR 372.65):** Styrene 100-42-5, CERCLA RQ – 1000 lb.

### US State Regulations
- **California Proposition 65:** 🔴 WARNING: This product can expose you to chemicals including styrene, which is known to the State of California to cause cancer.  
  For more information, go to www.P65Warnings.ca.gov.  
- **U.S. State Right-to-Know Regulations:** Styrene CAS 100-42-5, Magnesium carbonate CAS 546-93-0, Limestone CAS 1317-65-3, N,N-Dimethylaniline CAS 121-69-7

## Section 16 Other Information

**Disclaimer**

The following supersedes Buyer’s documents. **SELLER MAKES NO REPRESENTATION OR WARRANTY, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.** No statements herein are to be construed as inducements to infringe any relevant patent. Under no circumstances shall Seller be liable for incidental, consequential or indirect damages for alleged negligence, breach of warranty, strict of liability arising in connection with the product(s). Buyer’s sole remedy and Seller’s sole liability for any claims shall be Buyer’s purchase price. Data and results are based on controlled lab work and must be confirmed by Buyer by testing for its intended conditions of use. The product(s) has not been tested for, and is therefore not recommended for, uses for which prolonged contact with mucous membranes, abraded skin, or blood is intended; or for uses for which implantation within the human body is intended.
### Section 1 Identification

**Product identifiers**
- **Product name:** Cream Hardener Red

**Relevant identified uses of the substance or mixture and uses advised against**
- Identified uses: Paint-related material for industrial use only

**Details of the supplier of the safety data sheet**
- Freeman Manufacturing and Supply Company
  - 1101 Moore Road, Avon, OH 44011
  - Phone (440) 934-1902
  - FAX (440) 934-7200

**24 Hour Emergency Phone Number:** (800) 424-9300

### Section 2 Hazards Identification

**GHS classification in accordance with 29 CFR 1910.1200 (OSHA HCS)**
- Serious eye damage/eye irritant, Category 2
- Skin Sensitization, Category 1
- Organic peroxides, Type E

**Hazard pictograms:**

[![Flammable](![](https://example.com/flammable.png))]  
[![Caution](![](https://example.com/caution.png))]

**Signal word:** Warning

**Hazard statements**
- Heating may cause a fire
- Causes serious eye irritation
- May cause an allergic skin reaction

**Precautionary statements**

**Prevention**
- Wash face, hands and any exposed skin thoroughly after handling.
- Avoid breathing dust/fume/gas/mist/vapors/spray.
- Contaminated work clothing should not be allowed out of the workplace.
- Keep away from heat/sparks/open flames/hot surfaces. - No smoking.
- Keep/Store away from clothing/ combustible materials.
- Keep only in original container.
- Wear protective gloves/protective clothing/eye protection/face protection.
- Do not eat, drink or smoke when using this product.

**Response**
- Get medical advice/attention if you feel unwell.
- **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
Section 2 Hazards Identification continued

IF ON SKIN: Wash with plenty of soap and water. If skin irritation or rash occurs:
Get medical advice/attention. Wash contaminated clothing before reuse.
IF INHALED: Call a POISON CENTER or doctor if you feel unwell.
IF SWALLOWED: Do NOT induce vomiting.
Call a POISON CENTER or doctor/physician if you feel unwell.

Storage
Store in a well-ventilated place. Keep cool. Protect from sunlight. Store away from other materials.

Disposal
Dispose of contents/containers in accordance with local regulations.

Hazards Not Otherwise Classified (HNOC)
No information available.

Unknown Acute Toxicity
0% of the mixture consists of ingredient(s) of unknown toxicity.

Section 3 Composition/Information on Ingredients

<table>
<thead>
<tr>
<th>Ingredient Name</th>

</tr>
</tbody>
</table>

Section 4 First Aid Measures

General advice
Get medical advice/attention if you feel unwell.

Eye contact
Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.
Continue rinsing. If eye irritation persists: Get medical advice/attention.

Skin Contact
Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention. Wash contaminated clothing before reuse.

Inhalation
Call a POISON CENTER or doctor if you feel unwell.

Ingestion
Do NOT induce vomiting. Call a POISON CENTER or doctor/physician if you feel unwell.

Most important symptoms and effects, both acute and delayed
No specific data.

Notes to physician: Symptomatic treatment and supportive therapy as indicated.

Section 5 Fire-Fighting Measures

Suitable extinguishing media
Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

Unsuitable extinguishing media
Do not use strong water jet
### Section 5 Fire-Fighting Measures continued

**Specific hazards arising from the chemical**
Burning produces heavy smoke. Fire may produce irritating and/or toxic gases. In the event of fire and/or explosion do not breathe fumes. May cause sensitization by skin contact.

**Advice for firefighters**
Wear self-contained breathing apparatus and protective suit. Use water spray to cool fire-exposed surfaces and to protect personnel. Do not allow run-off from fire-fighting to enter drains or water courses.

### Section 6 Accidental Release Measures

**Personal precautions, protective equipment and emergency procedures**

**Personal precautions**
Avoid breathing vapors or mists. Use personal protective equipment as required. Avoid contact with skin, eyes or clothing.

**Environmental precautions**
Do not allow into any sewer, on the ground or into any body of water. If the product contaminates lakes, rivers or sewage, inform appropriate authorities in accordance with local regulations. Prevent further leakage or spillage if safe to do so. Local authorities should be advised if significant spillages cannot be contained.

**Methods and materials for containment and cleaning up**
Prevent further leakage or spillage if safe to do so. Dispose of waste product or used containers according to local regulations. Clean with detergents. Avoid solvent cleaners. Dam up. Pick up and transfer to properly labeled containers. Clean contaminated surface thoroughly. Take up mechanically, placing in appropriate containers for disposal. Contain and collect spillage with an electrically protected vacuum cleaner or by wet-brushing and place in container for disposal according to local regulations (see section 13).

### Section 7 Handling and Storage

**Precautions for safe handling**
Use personal protection recommended in Section 8. Never use pressure to empty container. Comply with the health and safety at work laws. Prevent product from entering drains. Use only with adequate ventilation. Do not breathe dust/fume/gas/mist/vapors/spray.

**General Hygiene Considerations**
When using do not eat, drink or smoke. Wash contaminated clothing before reuse. Avoid contact with skin, eyes or clothing.

**Conditions for safe storage, including any incompatibilities**
Keep/store only in original container. Store in accordance with local regulations. Keep unauthorized personnel away. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Keep container tightly closed in a dry and well-ventilated place.

**Incompatible materials**
Strong oxidizing agents. Acids.

</tr>
</tbody>
</table>

Appropriate engineering controls
Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of mists and/or vapors below the recommended exposure limits. An eye wash station and safety shower should be located near the workstation.

Personal protective equipment

Eye/face protection
Tight sealing safety goggles.

Hand Protection
There is no one glove material or combination of materials that will give unlimited resistance to any individual or combination of chemicals. Ensure that the breakthrough time of the glove material is not exceeded. Refer to glove supplier for information on breakthrough time for specific gloves. The instructions and information provided by the glove manufacturer on use, storage, maintenance and replacement must be followed. Gloves should be replaced regularly and if there is any sign of damage to the glove material. Always ensure that gloves are free from defects and that they are stored and used correctly. The performance or effectiveness of the glove may be reduced by physical / chemical damage and poor maintenance. Wear protective gloves.

Body Protection
Wear impervious protective clothing, including boots, gloves, lab coat, apron or coveralls, as appropriate, to prevent skin contact.

Respiratory Protection
If elevated airborne concentrations above applicable workplace exposure levels are anticipated, a NIOSH-approved organic vapor respirator equipped with a dust/mist prefilter should be used.

General Hygienic Practices
Avoid contamination of food, beverages, or smoking materials. Wash thoroughly after handling. Remove contaminated clothing promptly and clean thoroughly before reuse.

Section 10 Stability and Reactivity

Reactivity
- No information available

Chemical stability
- Stable under recommended storage conditions

Possibility of hazardous reactions
- None under normal processing

Conditions to avoid
- Heat, flames and sparks

Incompatible materials
- Strong oxidizing agents, acids

Hazardous decomposition products
- Carbon monoxide, carbon dioxide, oxides of sulfur

Section 11 Toxicological Information

Information on likely routes of exposure
- Eye contact: Causes serious eye irritation
- Skin Contact: May cause an allergic skin reaction
- Ingestion: No data available
- Inhalation: No data available

Information on toxicological effects
- Acute toxicity: No data available
- Skin corrosion/irritation: May cause irritation
- Serious eye damage/eye irritation: Causes serious eye irritation
- Skin sensitization: May cause an allergic skin reaction
- Respiratory sensitization: No data available
- Germ cell mutagenicity: No data available
