1. Chemical product and company identification

Product name  STICK WAX
MSDS #  464402
Historic MSDS #:  08039-AT
Code  464402-US10
Manufacturer  Castrol Industrial North America, Inc.
              150 W. Warrenville Road
              Naperville, IL 60563
Supplier  Castrol Industrial North America, Inc.
           150 W. Warrenville Road
           Naperville, IL 60563
           Product Information: 1-800-621-2661
EMERGENCY SPILL INFORMATION: 1 (800) 424-9300 CHEMTREC (USA)

2. Composition/information on ingredients

3. Hazards identification

Physical state  Waxy solid.
Color  Tan.
Emergency overview  CAUTION!
MAY CAUSE EYE IRRITATION.
MAY CAUSE SKIN IRRITATION.
MAY CAUSE RESPIRATORY TRACT IRRITATION.

Avoid contact with eyes, skin and clothing. In accordance with good industrial hygiene and safety work practices, airborne exposures should be controlled to the lowest extent practicable. Keep container closed. Use with adequate ventilation. Wash thoroughly after handling.

Routes of entry  Skin Contact. Eye contact. Inhalation. Ingestion.

Potential health effects

   Eyes  May cause eye irritation.
   Skin  May cause skin irritation.
   Inhalation  May cause respiratory tract irritation.
   Ingestion  Ingestion may cause gastrointestinal irritation and diarrhea.

Medical conditions aggravated by over-exposure  None identified.

See toxicological information (section 11)
4. First aid measures

Eye contact  In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if irritation develops.

Skin contact  Immediately wash exposed skin with soap and water. Remove contaminated clothing and shoes. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention if irritation develops.

Inhalation  If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention if irritation develops.

Ingestion  Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear.

5. Fire-fighting measures

Flammability of the product  May be combustible at high temperature.

Flash point  243.3 °C (Open cup) Cleveland.

Products of combustion  These products are carbon oxides (CO, CO₂).

Unusual fire/explosion hazards  Non-explosive in the presence of the following materials or conditions: open flames, sparks and static discharge, heat and shocks and mechanical impacts.

Fire-fighting media and instructions  In case of fire, use water spray (fog), foam or dry chemicals.

Protective clothing (fire)  Fire-fighters should wear positive pressure self-contained breathing apparatus (SCBA) and full turnout gear.

Special remarks on fire hazards  No additional remark.

6. Accidental release measures

Personal precautions  Immediately contact emergency personnel. Keep unnecessary personnel away. Use suitable protective equipment (See Section: “Exposure controls/personal protection”). Follow all fire fighting procedures (See Section: “Fire-fighting measures”).

Environmental precautions and clean-up methods  If emergency personnel are unavailable, contain spilled material. For small spills add absorbent (soil may be used in the absence of other suitable materials) scoop up material and place in a sealed, liquid-proof container for disposal. For large spills dike spilled material or otherwise contain material to ensure runoff does not reach a waterway. Place spilled material in an appropriate container for disposal. Avoid contact of spilled material with soil and prevent runoff entering surface waterways. See Section 13 for Waste Disposal Information.

Personal protection in case of a large spill  Splash goggles. Full suit. Boots. Gloves. Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product.

7. Handling and storage

Handling  Avoid contact with skin and clothing. Avoid contact with eyes. Use only with adequate ventilation In accordance with good industrial hygiene and safety work practices, airborne exposures should be controlled to the lowest extent practicable. Wash thoroughly after handling.

Storage  Keep container tightly closed. Keep container in a cool, well-ventilated area. Empty containers may contain harmful, flammable/combustible or explosive residue or vapors. Do not cut, grind, drill, weld, reuse or dispose of containers unless adequate precautions are taken against these hazards.
8. Exposure controls/personal protection

**Occupational exposure limits**

**Ingredient name**
Refined paraffin wax 
hydrocarbon waxes, petroleum, hydrotreated microcryst.

**Occupational exposure limits**

**ACGIH (United States), 1/2005.**
TWA: 2 mg/m³ 8 hour(s).
Form: Fume

**ACGIH (United States).**
TWA: 5 mg/m³ 8 hour(s).

**OSHA (United States).**
TWA: 5 mg/m³ 8 hour(s).

**Control Measures**
Provide exhaust ventilation or other engineering controls to keep the relevant airborne concentrations below their respective occupational exposure limits.

**Hygiene measures**
Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period.

**Personal protection**

**Eyes**
Avoid contact with eyes. Chemical splash goggles.

**Skin and body**
Avoid contact with skin and clothing. Wear suitable protective clothing.

**Respiratory**
Use only with adequate ventilation In accordance with good industrial hygiene and safety work practices, airborne exposures should be controlled to the lowest extent practicable.

**Hands**
Wear suitable gloves.
Not available.

Consult local authorities for acceptable exposure limits.

9. Physical and chemical properties

**Physical state**
Waxy solid.

**Color**
Tan.

**Heat of combustion**
Not available.

**Melting point / Range**
62.778 to 79.444 °C

**Density**
900 kg/m³ (0.9 g/cm³) at 15.6°C

**Solubility**
insoluble in water.

10. Stability and reactivity

**Stability and reactivity**
The product is stable.

**Conditions to avoid**
None known.

**Incompatibility with various substances**
Strong oxidizing materials

**Hazardous decomposition products**
Not available.

**Hazardous polymerization**
Will not occur.
11. Toxicological information

Chronic toxicity

Carcinogenic effects  No component of this product at levels greater than 0.1% is identified as a carcinogen by ACGIH or the International Agency for Research on Cancer (IARC). No component of this product present at levels greater than 0.1% is identified as a carcinogen by the U.S. National Toxicology Program (NTP) or the U.S. Occupational Safety and Health Act (OSHA).

Mutagenic effects  No component of this product at levels greater than 0.1% is classified by established regulatory criteria as a mutagen.

Reproductive effects  No component of this product at levels greater than 0.1% is classified by established regulatory criteria as a reproductive toxin.

Teratogenic effects  No component of this product at levels greater than 0.1% is classified by established regulatory criteria as teratogenic or embryotoxic.

12. Ecological information

Ecotoxicity  No testing has been performed by the manufacturer.

13. Disposal considerations

Waste information  Avoid contact of spilled material and runoff with soil and surface waterways. Consult an environmental professional to determine if local, regional or national regulations would classify spilled or contaminated materials as hazardous waste. Use only approved transporters, recyclers, treatment, storage or disposal facilities. Dispose of in accordance with all applicable local and national regulations.

RCRA Waste Code(s)  USED OIL

Remarks  No additional remark.

Consult your local or regional authorities.

14. Transport information

Not classified as hazardous for transport (DOT, TDG, IMO/IMDG, IATA/ICAO)

15. Regulatory information

U.S. Federal regulations  US INVENTORY (TSCA): In compliance.

This product is not regulated under Section 302 of SARA and 40 CFR Part 355.

SARA 311/312 MSDS distribution - chemical inventory - hazard identification: STICK WAX: Immediate (Acute) Health Hazard

SARA 313

Form R - Reporting requirements  This product does not contain any hazardous ingredients at or above regulated thresholds.

Supplier notification  This product does not contain any hazardous ingredients at or above regulated thresholds.

CERCLA Sections 102a/103 Hazardous Substances (40 CFR Part 302.4): This material is not regulated under CERCLA Sections 103 and 107.

State regulations  Massachusetts RTK:Refined paraffin wax
Pennsylvania RTK:Refined paraffin wax (generic environmental hazard)
## 16. Other information

### Label requirements

CAUTION!

MAY CAUSE EYE IRRITATION.
MAY CAUSE SKIN IRRITATION.
MAY CAUSE RESPIRATORY TRACT IRRITATION.

### Notice to reader

All reasonably practicable steps have been taken to ensure this data sheet and the health, safety and environmental information contained in it is accurate as of the date specified below. No warranty or representation, express or implied is made as to the accuracy or completeness of the data and information in this data sheet.

The data and advice given apply when the product is sold for the stated application or applications. You should not use the product other than for the stated application or applications without seeking advice from us.

It is the user’s obligation to evaluate and use this product safely and to comply with all applicable laws and regulations. The BP Group shall not be responsible for any damage or injury resulting from use, other than the stated product use of the material, from any failure to adhere to recommendations, or from any hazards inherent in the nature of the material. Purchasers of the product for supply to a third party for use at work, have a duty to take all necessary steps to ensure that any person handling or using the product is provided with the information in this sheet. Employers have a duty to tell employees and others who may be affected of any hazards described in this sheet and of any precautions that should be taken.
