## 1.) IDENTIFICATION

### Product identifiers

Freeman M-3800 Modeling Board

### Relevant identified uses of the substance or mixture and uses advised against

Modeling board with a density of 0.60 g/cm<sup>3</sup>. For industrial and professional use only.

### Details of the supplier of the safety data sheet

Freeman Manufacturing & Supply Company  
1101 Moore Road, Avon, OH 44011-4043 US  
Telephone: +1 800 321-8511  
E-mail: contactus@freemansupply.com

### Emergency Telephone Number

CHEMTREC: 1 800 262-8200  
+1 703 741-5500 (Worldwide)

---

## 2.) HAZARDS IDENTIFICATION

### 2.1. Classification in accordance with Regulation (EC) No. 1907/2006 (REACH), Globally Harmonized System (GHS), and 29 CFR 1910.1200 (Hazard Communication)

Not classified as hazardous.

This product meets the definition of an article. There is no obligation to have a safety data sheet.

This information is provided to meet the demand of our customers and promote safe practices.

### 2.2. Label elements

There is no requirement for the product to be specially labelled.

### 2.3. Other hazards

**Endocrine-disrupting properties:** The product does not contain any substances with endocrine-disrupting properties or remains below the 0.1% quantity limit.

---

## 3.) COMPOSITION / INFORMATION ON INGREDIENTS

### 3.1. Hazardous ingredients

None

Chemical characterization: Cross-linked polyurethane

---

## 4.) FIRST AID MEASURES

**4.1. Eye contact:** Dust: immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contacts lenses. Get medical attention if irritation occurs.

**Inhalation:** Dust: move victim to fresh air and keep at rest in a position comfortable for breathing.

Get medical attention if symptoms occur.

**Skin contact:** Dust: flush contaminated skin with plenty of water. Remove contaminated clothing and shoes.

Get medical attention if symptoms occur.

**Ingestion:** Dust: wash out mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.

---

## 5.) FIRE-FIGHTING MEASURES

### 5.1. Extinguishing media

Use an extinguishing agent suitable for the fire surroundings. Carbon dioxide, powder, or water spray are suitable. Alcohol resistant foam should be used for large fires. Do not use full jet water spray.

### 5.2. Special hazards arising from the substance or mixture

Thermal decomposition may produce traces of toxic gases: carbon dioxide, carbon monoxide, nitrogen oxides

### 5.3. Advice for firefighters

Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. Wear self-contained breathing apparatus and chemical protection suit. Collect contaminated firefighting water separately. Do not discharge into drains or rivers.

**6.) ACCIDENTAL RELEASE MEASURES**

- 6.1. Personal precautions, protective equipment and emergency procedures**  
Avoid dust formation. Dust can combine with air to form an explosive mixture. Don't breathe dust. Keep away from sources of ignition, no smoking. Provide adequate ventilation.
- 6.2. Environmental precautions**  
No special measures are necessary.
- 6.3. Methods and materials for containment and cleaning up**  
Take up mechanically, placing in appropriate containers for disposal. Avoid dust formation

**7.) HANDLING AND STORAGE**

- 7.1. Precautions for safe handling**  
Ensure that suitable extractors are available on processing equipment.
- 7.2. Conditions for safe storage, including any incompatibilities**  
Store on a flat surface in a dry space. Keep away from direct sunlight. Avoid extreme temperature variations during transport and storage.

**8.) EXPOSURE CONTROLS/PERSONAL PROTECTION**

- 8.1. Control parameters**  
Contains no substances with occupational exposure limit values. Total Dust content in air should not rise above 15 mg/m<sup>3</sup> (OSHA PEL). Respirable Dust content in air should not rise above 3 mg/m<sup>3</sup> (ACGIH).
- 8.2. Exposure controls**  
**Appropriate engineering controls:** No special measures necessary  
**Eye/face protection:** Tightly fitting safety glasses / goggles.  
**Skin /hand protection:** Protective gloves, clothing, safety shoes  
**Respiratory protection:** In case of dust formation wear a respirator approved for micro dust (P2)  
**General hygiene practices:** Do not brush or blow off dust. Use a vacuum to clean contaminated clothing. Prohibit eating, drinking, or smoking in work areas, and provide facilities for hand washing, showering, and changing clothes.

**9.) PHYSICAL AND CHEMICAL PROPERTIES**

<b>Physical state:</b>	solid, board/block
<b>Color:</b>	brown
<b>Odor:</b>	odorless
<b>pH:</b>	not applicable
<b>Flash point:</b>	not applicable
<b>Auto-ignition temperature</b>	665.6°F (352°C) <i>estimated</i>
<b>Vapor pressure at 25°C</b>	0 hPa <i>estimated</i>
<b>Density:</b>	approximately 0.60 ± 0.02 g/cm <sup>3</sup>
<b>Solubility:</b>	not available

**10.) STABILITY AND REACTIVITY**

- 10.1. Reactivity** No information available
- 10.2. Chemical stability** The product is stable.
- 10.3. Possibility of hazardous reactions** Under normal conditions of storage and use, hazardous reactions will not occur.
- 10.4. Condition to avoid** No special measures are necessary.
- 10.5. Incompatible materials** No information available
- 10.6. Hazardous decomposition products** Carbon dioxide, carbon monoxide, nitrogenous compounds including nitrogen oxides

---

**11.) TOXICOLOGICAL INFORMATIONS**

**11.1. Information on toxicological effects**

<b>Acute toxicity:</b>	classification criteria are not met
<b>Irritation/corrosion:</b>	classification criteria are not met
<b>Sensitization:</b>	classification criteria are not met
<b>Germ cell mutagenicity</b>	classification criteria are not met
<b>Carcinogenicity:</b>	classification criteria are not met
<b>Reproductive toxicity</b>	classification criteria are not met
<b>STOT-ingle exposure</b>	classification criteria are not met
<b>STOT-repeated exposure</b>	classification criteria are not met
<b>Aspiration hazard:</b>	classification criteria are not met
<b>Endocrine disrupting properties:</b>	product does not contain any substances with endocrine disrupting properties

---

**12.) ECOLOGICAL INFORMATION**

<b>12.1. Ecotoxicity:</b>	not available
<b>12.2. Persistence and degradability:</b>	not available
<b>12.3. Bio accumulative potential:</b>	not available
<b>12.4. Mobility in soil:</b>	not available
<b>12.5. Results of PBT and vPvB assessment:</b>	not applicable

---

**13.) DISPOSAL CONSIDERATIONS**

- 13.1** Dispose in compliance with local regulations. Recycling should be preferred to disposal. Small quantities may be disposed of with household waste.

---

**14.) TRANSPORT INFORMATION**

- 14.1** Not regulated for transport in any mode.

---

**15.) REGULATORY INFORMATION**

- 15.1. Safety, health and environmental regulations specific for the substance or mixture**  
**EPA Toxic Substances Control Act (TSCA) Status:** All components are listed on TSCA.  
**REACH (Annex XVII):** Not applicable  
**REACH - Candidate list of SVHC (Article 59):** None of the components are listed ( $\geq 0.1\%$ )
- 15.2. Chemical safety assessment:** For this product a chemical safety assessment is not required.

---

**16.) OTHER INFORMATION**

**Disclaimer**

The following supersedes Buyer's documents. SELLER MAKES NO REPRESENTATION OR WARRANTY, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. No statements herein are to be construed as inducements to infringe any relevant patent. Under no circumstances shall Seller be liable for incidental, consequential or indirect damages for alleged negligence, breach of warranty, strict of liability arising in connection with the product(s). Buyer's sole remedy and Seller's sole liability for any claims shall be Buyer's purchase price. Data and results are based on controlled lab work and must be confirmed by Buyer by testing for its intended conditions of use. The product(s) has not been tested for, and is therefore not recommended for, uses for which prolonged contact with mucous membranes, abraded skin, or blood is intended; or for uses for which implantation within the human body is intended.

Date of initial release: February 6, 2026
