

RYNOPLY™ Ash Rotary

RynoPly Hard White Ash Rotary Dieboard

was developed to offer a stronger, more stable alternative to the traditional mixed-core Maple Rotary dieboard.

This “baseball bat tough” Hard White Ash is built to handle the most demanding rotary diecutting applications. This engineered blend of Hard White Ash and Maple veneers provides improved bridge strength, stability and rule-holding. The superior shock resistance compared to other hardwoods makes this an unmatched combination.
