

Data Sheet

GS-100

Multi-purpose sealant tape up to 375°F (191°C)

DESCRIPTION

GS-100 is a multi-purpose vacuum bag sealant tape that works well with composite or metal tools. It is suitable for cure applications up to 375°F (191°C).

BENEFITS

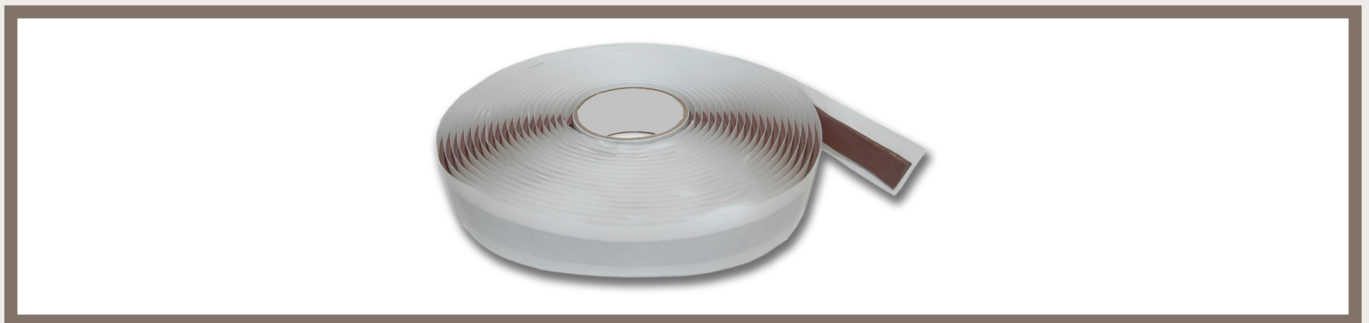

- Multi-purpose tape is good with metal and composite tooling.
- Provides an excellent vacuum seal for efficient vacuum bagging.
- Tape is easy to use, making vacuum bagging faster.

TECHNICAL DATA

Color	Reddish brown
Base material	Synthetic rubber
Maximum use temperature	375°F (191°C)
Shelf life	12 months from date of manufacture
Storage conditions	Tape must be stored flat in original packaging at 72°F (22°C) Do not refrigerate

SIZES

Dimensions	Packaging
1/8 inch x 1/2 inch x 25 feet (3 mm x 12mm x 7.5 m)	40 rolls per case

NOTES

- For clean removal, it is recommended to strip the tape from the mold surface once it has cooled down to room temperature.
- The maximum use temperature is dependent upon the duration at maximum temperature and is process specific, Airtech recommends testing prior to use.
