**Tooling Products Formulation Change – Raw Material Discontinuation
Re: Ren® 6410-3**

Dear Valued Customer:

As previously communicated, due to discontinuation of a key raw material used as a catalyst in many tooling products, Huntsman Advanced Materials has replaced this catalyst with a suitable alternate material. This will result in a change in formulation and a minor modification in the specification which should not impact the final end product properties. As a result we will be changing the product codes with a nomenclature change (for example, -2 versus -1 at the end).

Reformulation of Ren® 6410-2 is now complete and the product codes are provided below.

Current		NEW		
SKU Number	Material Name	SKU Number	Material Name	Description
2745508	RENCAS [®] 6410-2 A/B US G 14LB U1	4066208	RENCAS [®] 6410-3 A/B US G 14LB U1	Kit Contains: RENCAS [®] 6410-1 US (7 LB) + REN [®] 6410-3 US (7 LB)
2730608	REN [®] 6410-2 US PL 35LB U1	4064008	REN [®] 6410-3 US PL 35LB U1	1x5-Gallon Pail
667008	RENCAS [®] 6410-1 US PL 35LB U1	667008	RENCAS [®] 6410-1 US PL 35LB U1 (* No change to RENCAS [®] 6410-1)	1x5-Gallon Pail

Please remember that changes such as these to Huntsman Advanced Materials products reflect our focused and continuous commitment to the industry. Should you have any questions, please feel free to contact your sales representative.

Sincerely,

Ann Mansfield
Product Manager
