

Freeman 266 Thermo-Stable Sheet Wax (Plain Back)

Description

Formulated and manufactured by Freeman Manufacturing & Supply Company. This product was developed for the following uses:

- To simulate metal or part thickness in construction of metal forming dies
- To create two part molds requiring uniform thickness such as resin transfer molds (RTM)
- Compatible with casting & laminating resin requiring or giving off heat during curing.
- As a potting compound (encapsulating electronic components)
