Did you know we offer Sample Kits of our most popular products?

Although individual samples of
our products are available, we offer
complete Sample Kits of popular
product lines for your convenience!

Cured Casting Resin Sample Kit

This specifier kit allows you to see and feel
cured casting resin samples, such as:

- Repro One, 95, Light & UltraLight
- Flexible Urethanes (Freeman 1035 & Freeman 1040)
- Semi-Rigid Urethanes (Freeman 1050 & 1060)
- Rigid Urethanes (Freeman 1070, 1080, 1085 & 1090)
- Condensation Cure Silicone Rubber (V-1065)
- Addition Cure Silicone Rubber (V-340/45 & Translucent V-3040)
- DVD Video: Making Parts, Patterns, Tools & Molds
- Certificate for \$25 off next order (see [webpage](#) for details)

**See & Feel Cured
Casting Resins**

Machinable Media Sample Kit

These materials are used in a wide range of styling, modeling, and tooling applications. See and feel these samples or test them on your CNC!

- RenShape 440, 450, 460 modeling/styling boards
- RenShape 472, 5169 tooling boards
- RenShape 5020, 5025, 5030, 5045 polyurethane foam boards
- Medium Density Fiberboard (MDF)
- Perfect Plank Pine Lumber
- Freeman Machinable Wax
- DVD Video: Making Parts, Patterns, Tools & Molds
- Certificate for \$25 off next order (see [webpage](#) for details)

**See, Feel & Test
Machinable Media**

Urethane Rubber Sample Kit

Are you looking to try a small scale application test for flexible urethane rubber? Everything you need to mix, pour, seal, and release is included:

- 1 two-pound kit of Freeman 1035 (1 lb. resin & 1 lb. hardener)
- 185 gram sample of Freeman Wood & Plaster Sealer
- 1 Pint of Partall PVA Mold Release
- 75 gram sample of Freeman Wax Release
- 2 Pairs of Gloves
- 2 Plastic Buckets (64 oz.)
- 6 Freeman Mixing Paddles
- 6 Throwaway Brushes (1 inch)
- DVD Video: Making Parts, Patterns, Tools & Molds
- Certificate for \$10 off next order (see [webpage](#) for details)

Test Urethane Rubber

Silicone Rubber Sample Kits

Are you looking to try a small scale application test for our moldmaking silicone rubber? We offer two addition cure kits, one with V-340 and one with Clear V-3040. In addition to a quart kit of silicone, both kits contain:

- 185 gram sample of Freeman Wood & Plaster Sealer
- 2 Pairs of Gloves
- 2 Plastic Buckets (64 oz.)
- 6 Freeman Mixing Paddles
- 2 Throwaway Brushes (1 inch)
- DVD Video: Making Parts, Patterns, Tools & Molds
- Certificate for \$10 off next order (see [webpage](#) for details)

**Try V-340
Silicone Rubber**

**Try V-3040 (Clear)
Silicone Rubber**

Tech Q&A

The Tech Team is ready to help!
Monday – Friday, 8 am – 5 pm EST
Just call (800) 321-8511 opt. 5

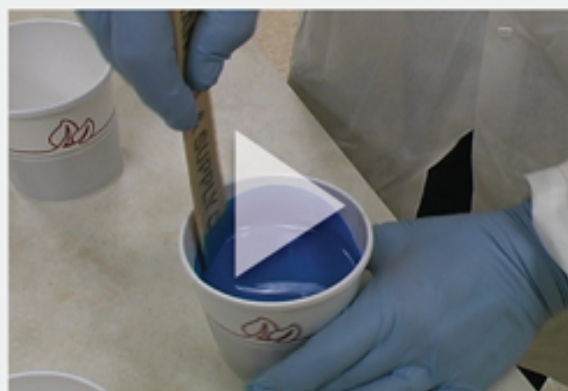

Our Most Frequently Asked Question is...

Why won't my casting resin set up?

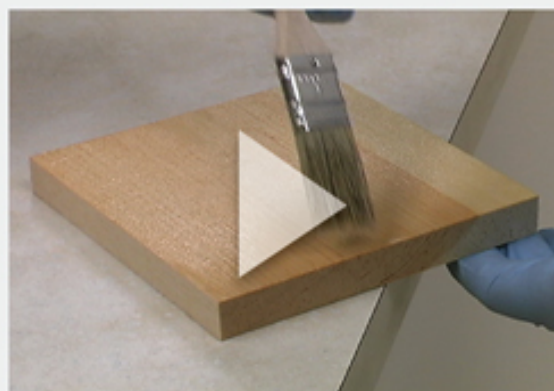

Product Manager Linda answers:

Two major factors can cause tooling plastics to set up improperly. Watch our videos below on proper procedures to avoid wasting time and money.

Weighing & Mixing

Sealing & Releasing

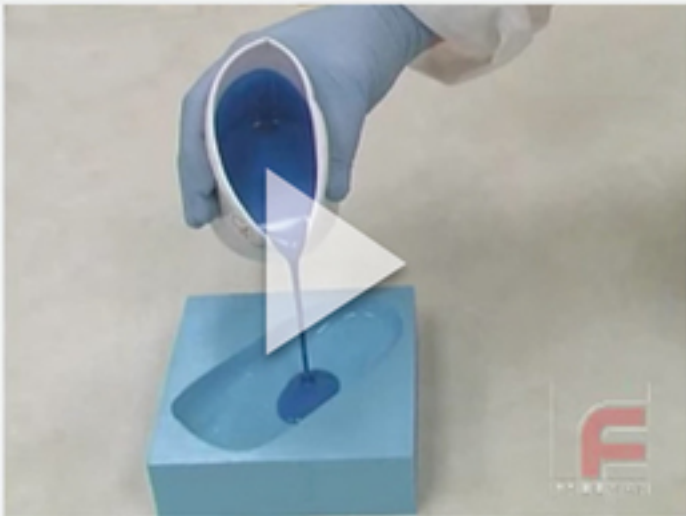

Other Factors	Solution
Storage conditions	Store material according to manufacturer guidelines
Work area temperature	Refer to the TDS or contact our Tech Team
Old or expired product	Contact Customer Service who can supply Shelf Life

***If you are still having trouble, contact our Tech Team
at (800) 321-8511 opt. 5 or tech@freemansupply.com!***

Our Most Popular Video

Our comprehensive [video library](#) features product demonstrations and how-to guides.

Simple Silicone Rubber Molds (no parting line)

Ideal for smaller projects (less than 12" x 12"), this is the easiest process for creating parts, patterns, tools, & molds. We demonstrate creating a silicone rubber mold and then the casting of parts with Repro, epoxy casting resins, and polyurethane elastomers.
